Hotel Majestic Roma

A Photographic Insight

Opulence and comfort are not confined to the hotel's public areas alone. Rooms and suites show a gentle use of lines and almost imperceptible curves, creating a perfect blend of innovative setup style, combined with classic elegance. Simple décor and modern comfort add to the hotel's warm and inviting feel, introducing contemporary aspects into traditional style.

Sit and watch our master bartenders performing the art of mixology within the elegance of one of the oldest bar rooms in Rome. Just give them a hint about what you fancy drinking, be it a cocktail, a straight liquor or a non alcoholic drink and they will surely come up with something that you will remember in time.

By the counter or outside on the terrace overlooking via Veneto, you will feel like Marcello Mastroianni or Anita Ekberg, enjoying la "Dolce Vita".
